

Focus Lock CI/CD Deployment Report

Status: DRAFT — Requires operator review before submission

Date: 2026-05-31

Operator: Alex Place

Scope: Trading Agent + Dream Journal shipping pipeline

WHAT IT ACTUALLY DOES

This report documents the CI/CD focus-lock system built to enforce hard priority on two shipping milestones:

- 1. **Dream Journal** (PR #37, codex/dream-journal-alias)
- 2. **Trading Agent** (Kalshi + IBKR, Harsanyi type space validated)

Until both milestones hit their **definition of shipped**, branch protection rejects PRs that do not reference trading or dream journal. Release gates require both milestones shipped before a tag can be created and a dist ZIP produced.

EVIDENCE / SOURCE DISCIPLINE

Component	File	Status
Milestone tracker	manifests/shipping-milestones.js on	■ Created
Focus lock CI	.github/workflows/focus-lock.yml	■ Created
Trading agent CI	.github/workflows/trading-agent-ci.yml	■ Created
Dream journal CI	.github/workflows/dream-journal-ci.yml	■ Created
Release automation	.github/workflows/release.yml	■ Created
Local validator	scripts/Invoke-FocusLockValidation.ps1	■ Created
Harsanyi type space	skills/trade/Harsanyi-TypeSpace.ps1	■ Runs clean
PDF builder	scripts/Build-SimpleReportPdf.ps1	■ Reused

MILESTONE DEFINITIONS

Dream Journal (DREAM-JOURNAL-v1)

Gate	Current	Required
PR merged to master	■	■
Deployed to Netlify mirror	■	■
Dashboard panel launches	■	■
API endpoints reachable	■	■

Status: ready_for_merge — PR #37 on codex/dream-journal-alias branch.

Trading Agent (TRADING-AGENT-v1)

Gate	Current	Required
Kalshi paper positions tracked	■	■
IBKR demo trade logged	■	■
Harsanyi type space validates	■	■
Live trading gated by CI	■	■
Kill switch active in CI	■	■

Status: paper_trading_active — 8 positions, \$4.07 allocated, all have live blockers.

FOCUS LOCK RULES

Mode: Hard

- Until both milestones ship, every PR title/body must reference one of:
trading, trade, kalshi, ibkr, dream journal, dreamer, courtney, courtney's well, data-analyst, /sales, focus-lock, shipping, release, milestone, fix, bugfix, security, ci/cd, hotfix
- CI exempts .github/workflows/ and scripts/Invoke-FocusLockValidation.ps1 from lock
- Release workflow enforces milestone gate; force=true override exists for emergencies

PROVEN / HELD / LOCAL-ONLY

Component	Status	Evidence
Focus lock CI YAML	■ Proven	Syntax valid, gates defined
Trading agent CI YAML	■ Proven	3 lanes: Harsanyi, Kalshi ledger, kill switch
Dream journal CI YAML	■ Proven	3 lanes: dashboard, API, AGENTS.md
Release YAML	■ Proven	Milestone gate + ZIP + GitHub release
Local validator script	■ Proven	Runs locally with -PrTitle / -PrBody
Harsanyi type space	■ Proven	6 agent types, 0 critical divergence
Dream Journal PR #37	■■ Held	Needs merge to master
Live trading CI gate	■■ Held	LANTERN_LIVE_ENABLED=0, KILLSWITCH active
Release ZIP built	■ Local-only	Workflow defined, not yet executed

NEXT SAFE ACTION

- 1. Merge PR #37 (codex/dream-journal-alias) to master to clear Dream Journal milestone.
- 2. Verify Netlify auto-deploy on merge (or trigger manual deploy).
- 3. Update manifests/shipping-milestones.json — set Dream Journal gates to true.
- 4. Re-run convergence loop and full test suite.
- 5. Run release workflow with tag v0.9.0-rc1 to validate dist ZIP generation.

VALIDATION PATH

```
# Local focus lock check
powershell -ExecutionPolicy Bypass -File scripts\Invoke-FocusLockValidation.ps1 -PrTitle "your-pr-title"

# Full test suite
python -m pytest tests/ -v --tb=short

# Convergence loop
```

```
powershell -ExecutionPolicy Bypass -File scripts\Invoke-LanternConvergenceLoop.ps1

# Harsanyi type space
powershell -ExecutionPolicy Bypass -File skills\trade\Harsanyi-TypeSpace.ps1
```

APPENDICES

A. GitHub Actions Workflow Index

Workflow	File	Triggers
Focus Lock	.github/workflows/focus-lock.yml	PR open/sync to master
Trading Agent CI	.github/workflows/trading-agent-ci.yml	Push/PR on trade, kalshi, trade-chat paths
Dream Journal CI	.github/workflows/dream-journal-ci.yml	Push/PR on dashboard, courtney, dreamer paths
Release	.github/workflows/release.yml	Manual dispatch only

B. Allowed PR Topics (Focus Lock)

```
trading, trade, kalshi, ibkr, dream journal, dreamer, courtney,
courtney's well, data-analyst, /sales, focus-lock, shipping,
release, milestone, fix, bugfix, security, ci/cd, hotfix
```

C. Harsanyi Type Space Summary (Latest Run)

Agent	Approval	Notes
Human	blocked	LANTERN_LIVE_ENABLED=0
KalshiAgent	blocked	All positions have blockers
IBKRExecutor	paper	1 demo trade logged
CloudMirror	healthy	Netlify live
McpAuditor	held	Canary not passing
ConvergenceValidator	healthy	0 issues

Divergence: 1 WARNING (MCP canary). 0 CRITICAL. Live trading blocked.
